

Mary Snopok

Aspired Frontend Developer

Stockholm, Sweden

PORTFOLIO

Hi , thank you for your interest and have a **joyful** reading!
I was fortunate to **flourish my career** within an **IT industry**, what gave me an extraordinary opportunity for self-growth, continuous learning, living in fantastic places and enormous amount of competencies **within and beyond** people operations field.

While working with dev teams I caught myself on **genuine interest** for programming - that's when my learning journey has begun. Since then, I gathered even **stronger aspiration** and it turned out like **I finally found** an area with **unlimited learning possibilities**.
